Emotional Object #060: LET'S GO OUTSIDE

For many years, we thought about designing outdoor furniture. We love the Summer, gardens, terraces, rooftops, poolsides, and everything in between.

The challenge was to be beautiful and also resistant to the elements. Now, we found the solution; a line that is fun to see and time lasting, like every Emotional Object.

The color mixing is almost endless.

Just a final tip, bring your own pillows!
