Emotional Object #057: NATURE

Nature has the most amazing shapes and colors. Nothing produced by Men could and will ever overcome what Nature creates.

Some time ago, we thought how wonderful it would be to capture some of the most unique and rare Nature moments in artistic objects — that second before they vanish and disappear forever. Dandelions, Waves, Frosted flowers, Mammatus clouds, or Sun dogs; we love them, but we know they don't last.

Our Nature Collection is eclectic and incomplete. We will always be waiting for Nature's next inspiration.

To start, we are launching the first two pieces – a Console Table with a dragonfly shape and a butterfly-inspired coffee table. But, for now, we haven't a clue of which will be the next ones.
